RENTAL NOVELTIES 2017

We aim to give each event a professional and unique appearance. This brochure contains a selection from our continually expanding rental range, please follow us on Facebook or visit our website for the latest updates.

FARROWS THE EVENT DECORATOR

From trendy furniture, truss, stages, curtains, to deco lighting and green decorations, Farrows has everything required to transform any location into an atmospheric place to suit your event.

PASSION FOR PERFECTION

At Farrows we have a passion for perfection, we believe the customer always comes first and our enthusiastic team is ready to take care of and help plan your event, our passion guarantees forward thinking solutions. Our team not only leases but also sells the finest materials to fulfill your production wishes.

LUXURY RENTAL SUPPLIES

Farrows stands for exclusivity and quality. By using only the finest quality products we are able to give any event or fair that extra prominence to impress your audience. The high quality and workmanship of our products guarantees a luxurious feel to any event.

FARROWS DESIGN

The proprietary products such as the modular LED bar systems and wireless DMX controlled LED tables have been developed by Farrows and are produced under the brand 'Farrows Design'. Thanks to the creativity of the design team and by using only the finest materials available these products exude quality and exclusivity.

Bars AND ACCESSORIES

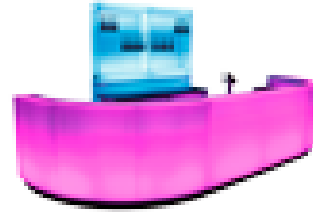

WHAT COLOUR CAN I POUR FOR YOU

Farrows unique proprietary bar systems are always in stock available for immediate hire.

By making use of our high-quality basic modules, spacers, columns and back panels numerous configurations and styles are possible.

Custom-made cooling and dispensing systems complete the picture.

Various accessories including LED lighting have been developed for each bar system.

MODULAR **LED BAR**

The eye catcher at any event!

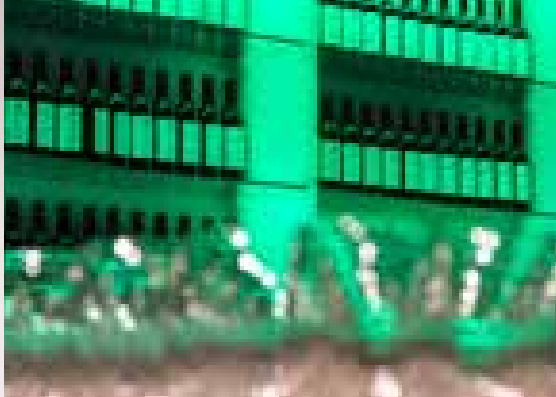

The modular design of this system developed by Farrows allows numerous configurations to be built.

MODULES

The Farrows LED bar system is created from 3 different basic modules and interchangeable rear panels.

The modules comprise foldable, aluminum frames clad in 1cm thick Pyra-led polycarbonate. Inlay plates, polycarbonate sides and sliding doors complete the designs to create an exclusive and luxurious system.

COMPACT FOR TRANSPORT

The Farrows LED bar modules are quickly and easily foldable, so they take up little space during transport.

The modules can be quickly and seamlessly connected using a camlock connection technique combined with high power magnets. With this system even the largest and most complex configurations can be rapidly assembled. The LED bar modules are specially packaged for transport; they are delivered folded with protective covers on.

Special dollies guarantee the system will arrive in perfect condition.

Any configuration can be provided and installed at favorable rates throughout the Benelux by a team of specialists from Farrows.

LED LIGHTING

As standard, the system comes with professional DMX RGB LED.

This makes every imaginable colour and colour combination possible.

The colour of your product, event, gradual transition, anything is possible.

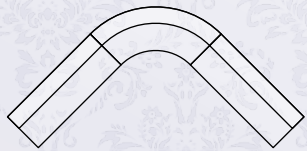

In addition, this system is very easy to combine with the wireless DMX system from our DMX LED table systems.

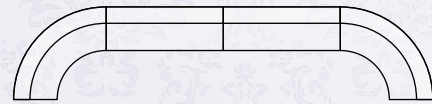

STYLING

There are many options for different styles of the Farrows bar including rear glasses cabinets, champagne coolers, bottles or other decorations.

ORION MODULAR BAR SYSTEM

Newly developed is our Orion bar modular system.

This bar system consists of 2 meter bar modules with standing columns and rear cabinets. Again, the number of configurations is virtually endless. The fronts of the bar elements comprise removable panels that can be changed to create the desired atmosphere. For example, any image or your company logo can be applied.

The panels are illuminated by wireless battery powered DMX RGB LED lighting.

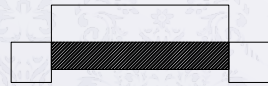

The bar modules can be equipped with any tap systems, refrigerators and sinks as required.

With the Orion bar modular system you can give your event an exclusive luxurious look.

MODULAR LOUNGE CUBES

The stylish ottoman modules from Farrows can either be used individually or in combinations, each providing a different look for your event.

The lounge cubes are covered in high quality leather with the characteristic Farrows design stitching.

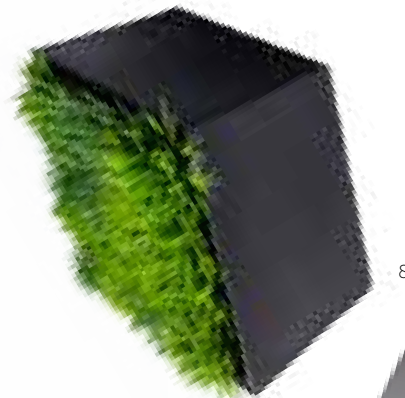

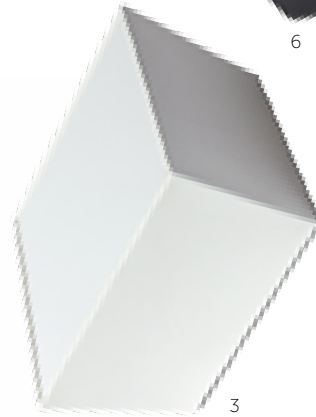

SUMMER LOUNGE SYSTEM

The Summer Lounge system consists of two basic modules available in black or white.

Different functions can be chosen from a selection of different inserts such as white acrylic top, mirror plate, ice cooler and more.

With these modules Farrows design has developed four standard lounge systems, available in black and white, and again covered in high quality leather with the characteristic Farrows design stitching.

The number of different configurations is endless, black, white or a combination; let your imagination run wild.
